CATARRH! CATARRH!

A NEW TREATMENT BY

W. N. DAVIS, M. D., M. C. P. S. O.

Graduate of "Chicago Homeopathic College," Chicago, and "College of Physicians and Surgeons" of Ontario, Canada.

HOMŒOPATHIC SPECIALIST of Diseases of the Eye, Nose, Throat, Chest, and all Chronic Diseases.

TREATMENT.

Starting with the theory now generally believed, by the most scientific men, that the disease in due to the presence of living parasites in the tissues, he devotes one to treatment of the destruction, and the catarrh is cured.

Frequently from one to four applications will accomplish the object, but constitutional treatment is required, if the blood or liver are impaired.

In this way, and in no other way, every case of catarrh, no matter whether of one or forty years standing, can be cured, and is the only means by which catarrh ever has been cured permanently.

Fully one-half the cases of so-called consumption are due to catarrh and can be cured by our new system.

Simple Nasal Catarrh and pharyngitis can be treated at a distance by writ. ; for a list of questions, but if lungs are involved an examination at office is necessary.

Consultation and Examination Free

The following testimonial of a gentleman well known in Los Angeles, who has a law office at 124 North Spring street, will show how quickly catarrh can be cured:

This is to certify that I am a regularly qualified physician, but not practicing, and have long believed catarrh of the chronic nasal variety to be an incurable affection, but hearing of Dr. W. N. Davis' new treatment and his success, I applied to him for medicine and determined to try it in the case of one of my friends, and did so with the most satisfactory results, as last summer that same disease, and one prescription effected a cure. The same was of years' standing and of a very severe type. I can recommend Dr. Davis to the afflicted. S. HALEY, M. D.

MISFIT

CLOTHING PARLORS

NO. 3 MAIN ST., OPPOSITE GRAND OPERA HOUSE.

A NEW SENSATION IN LOS ANGELES CLOTHING TRADE.

Having opened a store in this city for the sale of Merchant Tailors' Fine Misfits and Uncalled-for Clothing, we will try as briefly as possible to make plain to the public the advantage of dealing with us. Misfits is the title given to all garments which the tailor has left upon his hands, either by the failure to fit or the neglect of the customer to produce the cash wherewith to take them away. Every merchant tailor never meets with less than a dozen such cases every year, and when it is remembered that there are thousands of merchant tailors in the country, it will be perceived that we have a great basis from which to draw our supplies. Buying a few suits from this tailor and a dozen suits from another, we get the finest custom work for much less than the cloth costs. It ought to be plain, then, that we can sell fine tailor-made garments, of superior cloth, for much less than others ask for cheap factory made. What you got from us we guarantee to be good material and good make.

AMERICAN FRUIT EVAPORATOR!

The most practical and reliable Fruit Evaporator made. It gives unobstructed hot air currents ABOVE and BELOW all fruit, thus insuring evenness of drying and no spoiled fruit. Beware of infringements. THE AMERICAN is pre-eminently the fruit-raisers' machine. Its sizes grade from domestic to manufacturing wants. It makes the highest quality of work with ordinary care in handling. There is no need of making anything else. Though we approve a slight use of sulphur, the AMERICAN is specially adapted for highest grade in unbleached work. It places fresh cut fruit first in highest and driest heat; cures cut surfaces at once and keeps them dry, thereby setting and making permanent the color, and also thereby, as in broiling steaks, securing the highest quality in product. We our experience in evaporating at the disposal of our customers. In some cases this gratuitous service is of more value than prices paid us for evaporators. Sold by

(Next Diamond House.)

CONSUMPTION.

The earlier symptoms of this disease are a series of weariness upon little exertion, a disposition to remain passive and idle, a peculiar sensitiveness to the effects of cold and a shortness of breath upon moving quickly or ascending a hill or stairs, a slight hacking cough, with or without expectoration, flying pains throughout the chest or back, or under the shoulder blade. The symptoms are worse between or during the night, slight fever in the afternoon, cold feet and hands, and in many cases the whole of the lips and roots of the finger nails.

The more advanced symptoms are wasting of flesh, diarrhœa, chills and fever, night sweats, expectorations of yellow pus from the ulcers or cavities in the lungs, with or without a depression of the chest, increasing weakness and at last a closing up of the air passages of the lungs, causing strangulation or suffocation of the patient for want of power to expectorate the mucous from the lungs.

Heretofore the treatment of consumption has been unsatisfactory, both alike to the physicians and their patients, but lately since the discovery of the Koran system of practice a few years ago, thousands of cases have been completely cured, where, had it not been for this system of practice, utter failure to combat the ravages of the disease would have continued up to the present time. The system of Medicated Inhalations is the only means by which these diseases can be cured. And they are recommended by the highest authority, both in Europe and America. And here we would draw the distinction between Inhalation and Atomization. Some persons suppose they are the same in every respect, while nothing is further from the truth. In Atomization the liquid is scattered in the form of a spray, which only reaches the throat, while Inhalation, the remedy to be inhaled, medicates the air we breathe, and is conveyed directly into the air passages of the lungs as ordinary air. By this means we are enabled to dissolve the hardened mucous in the lungs, ease the cough, facilitate expectoration, contract and heal ulcers and cavities after all hope of cure by the ordinary methods is past. Persons desiring treatment by this system of practice can use the remedy at home as well as at my office, and which will cause no inconvenience or hindrance to business or labor.

Inhalations are applicable to all diseases of the respiratory organs, including throat diseases, asthma, bronchitis, consumption, and thousands of cases can be cured by this mode of treatment where nothing else can reach them.

Consultation free and price within the reach of all.

The very best of references given from those already cured. And we would particularly urge upon our Eastern friends the necessity of direct medication. Inhalation—as well as the most favorable climatic influences, if for you wish to avoid the sad experience of hundreds of invalids who depend upon the climate alone, as nine cases out of ten die in consequence of this very thing.

Those who desire to consult me in regard to their cases had better call at the office for an examination, but if impossible to visit the office personally, may write for "List of Questions" and circular, both of which will be sent free of charge. Address,

YELLOW fever is raging to a considerable extent in Guaymas.

CLARA S. FOLTZ lectures to-morrow night in Irving Hall, San Francisco, on Colonel E. D. Baker.

HERR BITTERS, a prominent Prussian, is dead. The Germans now have nothing left them but Herr Beer.

THE Postmaster-General yesterday appointed about three hundred fourth-class postmasters. Nasby must have got the "offis" he has been pining for.

A REPORT this morning is that James G. Blaine is an aspirant for the governorship of Maine. Maine ought to be proud to have him for her chief executive.

THE welcome intelligence that the cholera has nearly ceased its ravages in France and is decreasing rapidly in Spain is given in to-day's dispatches. Te Deums were sung in the Spanish churches last Sunday.

THE Panama Star and Herald announces that, next month, the first section of the Panama canal will be opened in its entire length, breadth and depth. This section extends inland from Colon twelve kilometers, or about eight miles.

COL. HOLLISTER, of Santa Barbara, has invited the brethren of the Methodist Conference at that place to dine with him at the Arlington. Col. Hollister owns a ranch in the environs of Santa Barbara, where he raises a great number of yellow-legged chickens.

THE government is cutting down expenses in the San Francisco Customs office in a way to extract much sweetness from the Democratic pap. Twenty-four officers were yesterday abolished altogether, and salaries all along the line were reduced.

SACRAMENTO is entirely cut off from water communication with the Bay of San Francisco, and the passenger and freight boats have ceased to arrive at that city, owing to the filling up of the river by hydraulic slickens.

A PRIZE fight occurred in Texas yesterday, in which a California man named Ross, with several aliases, and one McGregor, who is sportingly dubbed "A Kid" of some sort, were the participants. The California man got whipped. Served him right. No business to be fighting so far from home!

SULLIVAN, the bruiser, has been arrested for pitching baseball on Sunday. This illustrates the mal-adroitness of the law, which generally tackles a criminal on the least of his sins. If Sullivan would reform himself sufficiently to pitch baseball all the rest of his life (Sundays included) we would vote to put him in the Saints' calendar.

REGISTER ROSECRANS, apparently ashamed of his hypocrasy in dismissing a number of employés in his department the other day, now comes out fairly and squarely, and gives an honest reason. Concerning the dismissal of Rev. Jabez Fox from a fourth-class clerkship he simply says it is the pleasure of the appointing officer. This is at least more manly than to say that Rev. Mr. Fox was not in sympathy with pending reforms.

SUNDAY evening last a gang of Salt Lake Mormons attested their hatred of several government officers stationed at that place by throwing stink pots into their houses. This is of a piece with the insult to the National flag which they lately perpetrated. It is a good policy for the Saints to pursue—i. e. good for the country at large—for, if they will only keep it up, we guarantee that Utah will be rid of polygamy within two years.

THE London Times, in noting the presence of Chief Justice Waite in England, pays him a very hearty compliment. However, we doubt whether the statement that Chief Justice Waite is "yet more eminent in his position than Lord Chief Justice Coleridge is on the English bench," will be very gracefully accepted by the denizens of the tight little isle. Comparisons are odious, you know, and a comparison to the detriment of anything or anybody British —— No, no, it won't do.

AMONG THE APACHES.

They are Farming Quietly—Another Offensive Partisan Bounced.

E. Willard, an Angeleño who returned on Saturday from a three months' roughing it in Arizona, is loaded with information about the affairs in the neighborhood of the White Mountain Reservation, where the Apaches have their abode, and whence Geronimo and his raiders started. He says that Geronimo's band numbered about thirty men and boys. "The rest of the Apaches on the reservation," adds Mr. Willard, "were never quieter nor more peaceful. The last agent, C. D. Ford, was a remarkably efficient man for the place. He had the confidence and regard of the Indians, and succeeded in interesting them more in agriculture than they had ever been before. Why, those Indians raised 75,000 pounds of barley and wheat this year. They supplied the government, through the San Carlos agency, with 50,000 pounds at $2.50 per hundredweight. They raise fine corn, are getting good farm wagons, and are learning to do a good deal of trading at the surrounding towns. In July they received from the government 1000 cows and 62 bulls.

"There has been more turning out of 'offensive partisans' there, however. The government wanted to put in a Democrat as agent. Ford was such an excellent man that no charges could be brought against him—as the report of Special Inspector F. C. Armstrong, August 25, will show. To get around it, the pretense was made that it was necessary to have the agency under the military, and Captain F. E. Pierce was given in charge in place of Agent Ford. You can see how much there is in the 'military' excuse, when I tell you that the only soldiers put there are Captain Pierce and his lieutenant. Big lot of good the two would do, in case of trouble, wouldn't they? It was simply a dodge to bridge over the difficulty of removing a good man without cause. Ford will never get it again. In a few weeks you'll see them appointing a Democratic agent. The Indians kick hard at losing Ford."

Bankers in Oregon and Washington.

Dr. A. G. Cook returned on Saturday from Oregon and Washington. He reports excellent crops throughout the whole region. One man realized $2000 from ten acres of fruit. Hay in some places is far in excess of the demand. There is a present financial depression, but immigration is very large, and the ballot is universal that the near future will show great activity in all branches of industry. Many fine structures are building in Portland. People there hope for the reinstatement of Henry Villard as President of the Northern Pacific Railroad.

AT LAST

The Puritan and Genesta Have Their Race.

THE AMERICAN YACHT VICTORIOUS.

A Very Close and Exciting Contest, With a Difference of Only a Few Minutes at the Conclusion.

Associated Press Dispatches to The Times.

NEW YORK, Sept. 14, 9:30 A. M.—The prospect that the Puritan and Genesta will be able to have to-day the initial race for the America cup over the inside or New York Yacht Club course is quite favorable. The signal office at Sandy Hook reports, at this hour, a 13-knot breeze from the southwest, with the possibility of a continuance throughout the day.

10 A. M.—The Genesta and Puritan have just left their anchorage under sail and are proceeding to the starting point off Owl's Head. Wind, southwest, light.

10:35 A. M.—The Genesta and Puritan have begun the race. They crossed the line at 10:34 a. m. The boats started on port tack, the Puritan securing advantage half a length. After a ten minutes' run in on Long Island shore, both boats almost simultaneously put about for the Narrows, the Puritan still leading.

11:10 A. M.—The Puritan is now going through the Narrows, leading the Genesta by half a mile. The shores of Long Island and Staten Island are crowded with people, and boats of every description follow in the wake of the contesting yachts.

11:40 A. M.—Both yachts are becalmed off the buoy. The wind is setting in from the southeast and is light. At Sandy Hook, however, the wind is blowing a 12-knot breeze.

1 P. M.—A breeze is coming up from the south-southwest. The yachts both fall in when on port tack. The Genesta keeps nearly two miles astern of the Puritan. The race to-day is over the inside course—the New York Yacht Club course. It is down through the narrows, across the lower bar, around buoy No. 10 on southeast spit, leaving that buoy on the port and, thence to southward to buoy No. 5¼ and to northwest of buoy No. 5 on the point of the Hook, out around the Sandy Hook lightship and home over the same course, finishing just outside the Narrows.

1:30 P. M.—The Puritan rounded the buoy at southeast spit at 1:20 p. m.; the Genesta at 1:24 p. m. Both yachts are now driving for Sandy Hook point, and friends of the Puritan think the Genesta is getting uncomfortably close.

1:45 P. M.—The Puritan is four minutes ahead. Wind nine miles an hour southsouthwest. The Puritan is well to windward and holds the advantage. She is now outside, off Sandy Hook.

2 P. M.—The Genesta after rounding the first up her balloon topsail and rapidly reduced the distance between herself and the Puritan. The latter also sent up her balloon topsail. The racers are only half a mile apart now. The Puritan passed the observatory opposite Sandy Hook buoy No. 5¾ at 1:32 under a cloud of canvas. An iron steamboat interfered somewhat with the wind of the Genesta.

2:20 P. M.—The Puritan turned the stakeboat at 2:15.10. The Genesta has just turned at 2:20 p. m.

2:40 P. M.—The Puritan passed Scotland lightship homeward bound at 2:32.20; Genesta at 2:30 30.

2:45 P. M.—The Puritan and Genesta are on the port tack. The Puritan keeps her position to windward. It looks from here as though the Puritan went too far windward in rounding the lightship, and, consequently, lost considerable ground. The Genesta is overhauling her rival more rapidly than on the outward course. Both yachts are doing good work. The fleet of steamers and yachts is all homeward bound.

THE PURITAN WINS.

FT. HAMILTON, 4:40 P. M.—The Puritan wins the race, crossing the winning line at 4:38¾.

4:45 P. M.—The Genesta crossed the line at 4:44¼.

A NAUTICAL ELEGANT.

NEW YORK, Sept. 14.—In the thirty-eighth mile race of the New York Yacht Club course to-day the Puritan defeated the Genesta 16 minutes 16 seconds corrected time, or 16 minutes 17 seconds actual time. The wind was extremely light from the start to Sandy Hook going out, and from there to the finish coming in. From the Hook to the lightship and back there was a good 8-knot breeze. The tide was flood during the first half of the race and ebb coming home. The largest fleet of steamers ever assembled in New York harbor for a similar sight accompanied the yachts over the entire course. The finish at the finish was one of the grandest ever witnessed. Both yachts were saluted by every vessel and gun from Fort Wadsworth, Staten Island. Owing to the cracking of the iron cap of the Genesta's main mast the outside race is postponed until Wednesday.

ANALYSIS OF THE RACE.

NEW YORK, Sept. 14.—The center-board sloop Puritan and the keel-cutter Genesta have fought one round in the marine battle which is to decide the ownership of that precious trophy, the America cup. In to-day's race the center-board boat won by one minute and 17 seconds actual time, or with 28 seconds time allowed the cutter by the Puritan, 16 minutes and 19 seconds, corrected time.

An analysis of the race shows that, in windward work to buoy No. 10, the Puritan beat the Genesta three minutes one second, from the outer mark to the lightship one minute and nineteen seconds. From buoy 5, off the point of Sandy Hook to the lightship, about eight miles in fresh breeze with lee sails to water the Puritan only gained 20 seconds on the Genesta and only 18 seconds on the same distance coming back to buoy No. 5. In the outside run, from the outer mark to the finish, the Puritan beat the Genesta 13 minutes, 25 seconds.

The river was thronged with people by 9 o'clock, eager to get on board the iron steamers Cygnus, Sirrius and Taurus, North river, and Jewell's wharf, Brooklyn, the great three-deck steamers Grand Republic and Columbia, with scores of gay flags flying, took on hundreds of passengers to see the race. The decks of the steamers Elegy, Sylvan Dell, Sylvan Grove, Albertina, Thos. Morgan, H. T. Bay, Laura W. Starin, Old Dominion steamship, Richmond, and many other smaller boats, were also well filled with spectators. The steamer Taurus was chartered by the New York Yacht Club for its guests, the William Fletcher by the Seawanhaka Yacht Club, the steamer Strickney by the Larchmont Yacht Club and the Benovo by the Produce Exchange Clubs. Many other boats were paid good prices to convey enthusiastic admirers of the yachts over the course. A very light breeze to the southward rippled the waters of the bay when the Judges' boat Lockenbach, having on board the regatta committee, J. F. Time and Charles Stebbins, with Rear-Commodore F. C. Lawrence, Daniel Appleton, Secretary of the Eastern Yacht Club, John Harvey Cutter, yacht designer, S. T. Pianchetti and other prominent yachtsmen arrived at Tompkinsville at 9:40, where Wm. Krebs, representing the New York Yacht Club on the Genesta and Louis P. Bayard, S. Y. C., were taken on board. Both the Genesta and Puritan had already tipped their anchors and were standing out on the starboard tack for midchannel. Handsome, indeed, did these twin ocean gladiators look as they stepped along over the almost glassy surface of the bay, tossing the wind aloft with their snowy-white topsails gleaming in the morning sunlight. Mr. Forbes and his muscular crew, augmented by Capt. Richman and three sailors from the yacht Grayling looked confident and earnest, while Sir Richard Sutton, Capt. Carter and his white-jacketed tars appeared slightly uneasy when they saw the light weather.

THE FINISH—GREAT ENTHUSIASM.

Although both had to steer ebb tides in the light air, the Genesta's spinnaker was sent out to port in 1¼ minutes after rounding the buoy. The Puritan's spinnaker boom was lowered, but was not set. She crossed the finish line at 4:38.05 amid the wildest enthusiasm on the steamers, fairly blockading the channel for miles to the southward, closing up around and making a veritable floating island. As the yachts passed in by Fort Wadsworth a gun from the fort was fired in salute to each, and when the yachts came alongside each other the crew of the Genesta, standing at the rail facing the Puritan's crew, gave three rousing cheers, led by Sir Richard Sutton, for the winning yacht Mr. Forbes, waving his cap in air, led his crew in three times three for the Englishmen. Mr. Tanner, of the committee, in an interview after the race, said: "I am satisfied that the Puritan has fairly outsailed the Genesta, but think [illegible] they [illegible]

THE RACES.

A Field Day at Brighton Beach—Other Tracks.

NEW YORK, Sept. 14.—There were 12,000 admission tickets paid for at the entrance to Brighton Beach race track to-day, and the concourse numbered many more who bought tickets before coming to the course. They all came down to see who would win the big race of the year, and which, as it proved itself on its own intrinsic merits, was the greatest race ever run under the same conditions. The stables on the track were closed at 3:30 a. m., and four armed men protected the stable of each favorite. The excitement was intense during the afternoon, and when Freeland won, putting Corrigan's (Kansas City) colors, green and white, in front and in third place, such cheers rang out as made all things echo. It was a splendidly run race. Summary:

First race, for maidens, two years old, three-fourths of a mile, Biscuit won by a length, Bon Soir second, Kilton third; time, 1:17¾.

Second race, for non-winners; one mile. Treasurer won by a neck, Bunko second, Joe Murray third. Time, 1:44.

Third race, sweepstakes of $500 each, S. S., with $3700 added, of which $4000 to first, $1700 to second and $1000 to third; one and a quarter miles. The starters were Miss Woodford, Freeland, Monogram, Bersan and Dwyer's Richmond and Modesty. It was the East against the West and South, the Dwyers having Miss Woodford and Richmond against Ed. Corrigan's Freeland and Modesty, while R. C. Pate came in with Monogram and Green and Morris with Bersan. It was a great society race. Fools were tumultuous, ranging up and down each time, with a tremendous crowd pouring in and out. Dwyers Miss Woodford and Richmond sold for $1100, Corrigan's pair, Freeland and Modesty $1000, Bersan $425 and Monogram $250. McLaughlin was upon Miss Woodford, Isaac Murphy on Freeland, Fitzpatrick on Monogram, Hayward on Bersan, carrying four pounds; Potter on Richmond and Slaylock on Modesty. It is said that this is all the real talent in the jockey line that can be got together in America. This was a really good go. Monogram, Richmond, Bersan and Miss Woodford were bunched in the start,

ENLARGED SHEET.

TUESDAY, SEPTEMBER 15, 1885.

Chicago's Wealth.

A short time since the TIMES published the following paragraph, the statistics therein being from the Chicago Inter Ocean:

The magnificent strides made by the city of Chicago in the increase of her tax-roll are exhibited by the latest assessment, which shows that the total value of taxable property in Illinois, outside of Cook county, last year was $668,250,611. In Cook county the valuation last year was $141,296,830. This year the valuation in the State, outside of Cook county, is $588,224,804, and the valuation in Cook county is $145,309,347. Decrease in valuation in the counties outside of Cook, $17,025,817. Increase of valuation of property in Cook county, $4,012,257.

The correctness of these figures having been questioned here, the TIMES addressed an inquiry to Dr. O. W. Nixon, of the Inter-Ocean, asking that the figures given be verified. The following is the reply received. It will be seen that the figures are substantially the same as those published, something being added by way of explanation:

The entire assessment of the 101 counties in the State is this year $733,-533,351, as returned by the local assessors. The State Board of Equalization cannot change this aggregate, but can change it so that some counties may have more and others so much less, without affecting the sum total. The local assessors of this (Cook) county last year made us have $141,296,980, but we were equalized at $174,433,355. This is on real estate, and does not include railroad property and corporations. This year the local assessors of Cook county assess us 145,315,147. This last amount, extracted from $733,533,351 will give the valuation of all the State except Cook county.

The addition to the above of railroad and other corporation property assessments will swell the wealth of the City and State materially.

THE Louisville Commercial, not a Republican paper, and published in a Southern city, is candid enough to say:

Senator Sherman may not have been politic enough for the present time when he said in his Mount Gilead speech that he had noticed "many signs of a disposition to waive all the glorious results of the war," but in his protest against the tendency to obliterate all distinction of War records he voiced a sentiment that is bound, sooner or later, to prevail again with great strength. The temper of the country has been against the naming of old issues and old feelings, but the present tendency is to revive in some manner the old discussion of State's Rights, and it is time to rebuke this evil feeling. Senator Sherman is not a good party trimmer, but he is an eminently sensible and far-sighted man.

SAN DIEGO is preparing to celebrate, on the 1st of November, the completion of the Atchison, Topeka and Santa Fé Railroad to that port, as it is expected the work in the Cajon Pass will be finished by that date. The Sun is a little nervous about the proposed celebration, fearing, unless the San Diegans take the initiative in the matter, that Los Angeles will step in, and, with adamantine cheek and hyperborean previousness, get up a celebration and call it a Los Angeles road. Likenuff, Brer Wilson, and you do well to shake up your Bayncliimate people to the necessity of celerity and alertness in the whoopin'-up business.

SAN FRANCISCO, according to the Post and the authorities, is in a frightful sanitary condition. The Street Superintendent says there are 3000 cesspools which need cleaning, and that there are 20,000 cubic yards of festering filth choking the sewers. The sewers nearly everywhere are in a bad way. In some parts of town the stench arising from them at night is hardly bearable. The Health Officer, in his annual report, submitted a few weeks ago, showed the shocking state of things down by the seawall, where there are great lakes of sewage without outlet. Vast quantities of filth are nightly dumped upon the Mission flats, to rot in the sun and poison the air. There is disease-breeding foulness everywhere.

THE announced refusal of Hon. M. M. Estee to stand again for the gubernatorial nomination is confirmed by the San Francisco Spirit of the Times of the 12th inst., coupled with the statement, made on Mr. Estee's authority, that he will be a candidate for the United States Senate. From a private source of undoubted veracity the TIMES learned, as late as yesterday, that the above-published statements are strictly correct. Mr. Estee considers that he has made the race for Governor for the last time, but the Senatorial contest he will enter again.

HON. JOHN A. BINGHAM, of Ohio, ex-United States Minister to Japan, declares that the progress of that country, where he has been for the past twelve years, has been, during the reign of the present Mikado, without parallel in the history of the world—without parallel in the achievements of a civil administration. He predicts a great future for Japan, if the Western nations will take their fetters off her, and stop visiting her with the Bible in one hand and a Colt's revolver in the other.

A STRATFORD, CONN., woman, who is a member of the Society for the Prevention of Cruelty to Animals, accuses local Christians of going to church to hear of the glories of another world and beat down Satan under their feet, all the while having horses outside fighting a thousand devils in the shape of flies and mosquitoes. THE PUBLIC SCHOOLS.

Location and Boundaries of the City School Districts.

USEFUL INFORMATION FOR THOUSANDS.

What the Board of Education Have to Say to Parents and Pupils—Names of the Teachers, etc.

A year ago a careful division of the city into school districts was made, and explicit instructions were given so that parents might easily know where their children were expected to attend school. The growth of population in several parts of the city during the year and the erection of new schoolhouses made a revision of the districts necessary. The general plan of last year has been followed, and only minor changes have been made.

In laying out the districts, the convenience of patrons has been duly considered, as well as the capacity of buildings and the proper classification of pupils. Of course this division cannot be expected to be perfect, especially as it had to be made without the counsel of our late Superintendent, whose experience best qualified him for the task. After the children come together and have been enrolled, all needful corrections will be made.

It is hoped that all patrons of the schools will preserve a copy of this announcement, and carefully observe all its provisions. The ease of doubt the districts may easily be traced out on any map of the city. The middle of the street is of course always considered the dividing line when the name of a street is mentioned.

In districts having buildings of four rooms or less, pupils of all grades can not will be accommodated. The older and larger pupils would take the room needed for the far more numerous little ones. It is, therefore, much better that the older and more advanced pupils should attend the larger schools where there is more room for them. This has been the custom since these smaller schools were established. As the larger buildings are centrally located, it is thought that no great hardship can be caused.

HIGH SCHOOL.

GRAMMAR AND PRIMARY SCHOOLS.

As a means for better designation the districts of the city have been numbered, beginning at the north and following down first the east side of the river, next the strip between the river and Alameda street, and last the territory west of Alameda street.

District No. 1—Highland View school, located on Arroyo Seco avenue; A. E. Baker, teacher. District bounded north by the city limit; east and south by the Arroyo Seco, and west by the river. Pupils in this district belonging to the first, second and third grades will attend the East Los Angeles school, on Heliman street, in District No. 2.

District No. 2—East Los Angeles school, located at the intersection of Heliman, Hoff and Lecouvreur streets; Miss Addie Murray, principal. District bounded north by the Arroyo Seco and the city limit; east by the city limit; south by Downey avenue from city limit to Sichel street, Sichel street to Hawkins street, by Hawkins and Chavez streets to the river, and west by the river. All third grade pupils in this district will go to the Griffin Avenue school in District No. 3.

District No. 3—Griffin Avenue school, on Griffin avenue between Mozart street and Darwin avenue; Miss M. O. Hale, principal. District bounded north by Chavez street, Hawkins street to Sichel street, Sichel street to Downey avenue, and by Downey avenue to the city limit; east by the city limit; south by Wabash avenue to its junction with the Mission road, and by a line from this point to the railroad bridge on Mission street, and west by the river. All first and second grade pupils in this district will go to the East Los Angeles school on Heilman street, in District No. 2.

District No. 4—Brooklyn Heights school, on the corner of Pleasant and Bridge streets; Miss Jeanne Rose, teacher. District bounded north by a line from the railroad bridge on Mission street to the junction of Mission road and Wabash avenue, and by Wabash avenue to State street; east by State street to Brooklyn avenue, by Brooklyn avenue to Lopez street, and by Lopez street to First; south by First street; and west by the river. First, second and third grade pupils in this district will go to the Central school, in District No. 12.

District No. 5—Boyle Heights school, on the corner of New York and Boston avenues; Miss Jessie E. Frater, principal. District bounded north by First street to Lopez, by Lopez to Brooklyn avenue to State street, by State street to Wabash avenue, and by Wabash avenue to the city limits; east by the city limit; south by the city limit; and west by the river. First and second grade pupils in this district will go to the Central school in District No. 12.

District No. 6—Depot school, on Railroad street, near the S. P. R. R. depot; Mrs. M. J. Frick, principal. District bounded west and north by Alameda street and the railroad; east by the river; south by Macy street, old Aliso road and Aliso street. Pupils of the first grade in this district will go to the Central school, in District No. 12.

District No. 7—Amelia street school, on Amelia street, between Weil and Lazard, Miss Libbie Snyder, principal. For sixth, seventh and eighth grades only. District bounded north by Aliso street, old Aliso road and Macy street; east by the river; south by Banning street, and west by Alameda street. Fifth to second grade pupils, inclusive, living in this district north of Aliso street will go to the Depot school, in District No. 6. First grade pupils to the Central school, in District No. 12. Fifth to third grade pupils, inclusive, living south of Aliso street will go to the Garey street school, in District No. 8. First and second grade pupils south of Aliso street to the Central school, in District No. 12.

District No. 8—Garey-street school, on Garey street, near First. Miss M. K. Scott, principal. District bounded north by Banning street; east by the river; north by a line from the junction of Fifth and San Pedro streets due east to the river; and west by the Santa Monica railroad and Alameda street. First and second grade pupils will go to the Central school, in District No. 12; sixth grade pupils to the Amelia-street school, in District No. 7.

District No. 9—Seventh-street school, corner of Lemon; W. S. Reavis, principal. District bounded north by a line from the junction of Fifth and San Pedro streets due east to the river; east by the river; south by the city limit; and west by San Pedro street from Fifth to Vejar, by Vejar to Wolfskill, and by a line from the junction of Vejar and Wolfskill due south to the city limit. Pupils in the first grade in this district will go to the Spring-street school, in District No. 15.

District No 10—Castelar street school, on the corner of College and Castelar streets; Mrs. C. B. Du Bois, principal. District bounded north by the city limit; east by the river from the city limit to the north railroad bridge, thence by the railroad and Alameda street to Marchessault street (beside Plaza); south by Marchessault street, New High, Short and Canal streets to Pearl, thence by a line from the junction of Canal and Pearl to the junction of Reservoir and Figueroa streets, thence by Reservoir street to the city limit; and west by the city limit. First and second grade pupils in this district will go to the Central school, in District No. 12.

District No. 11—Temple street school, between Water and New Cincinnati streets; H. D. Burnett, principal. District bounded north by Reservoir street; east by a line from the junction of Reservoir and Figueroa to the junction of Canal and Pearl streets; thence by Pearl street to Diamond; south by Diamond street, and west by the city limit. First, second and third grade pupils in this district will go to the Central school in District No. 12.

District No. 12—Central, school located at the corner of Fort and Temple streets; W. F. Bray, principal. District bounded as follows: Beginning at the corner of Pearl and Canal streets, by Canal, Short, New High and Marchessault streets to Alameda; thence southerly by Alameda street and the Pearl to Second and by Second to Flower street; east by Flower street; south by Sixth street and a line in the direction of Sixth street to Figueroa, by Figueroa to Ward street, and by Ward street to the city limit. First, second and third grade pupils will go to the Eighth street school in District No. 16, and the third grades will attend the East Los Angeles school, on Heliman street, in District No. 2.

District No. 14—Normal Primary school, Normal school building, corner of Fifth and Charity streets; Miss M. M. Knapp, principal. District bounded north by Second street; east by Olive; south by Sixth, and west by Flower street. Pupils in the first, second and third grades in this district living north of Third street will go to the Central school in District No. 12, south of Third street to the Eighth Street school in District No. 16.

District No. 15—Spring-street school, on Spring street, between Fifth and Sixth streets; H. N. Seaver, principal. District bounded as follows: Beginning at the junction of Olive and Second streets, by Second street to Main, by Main to Mayo, by Mayo and a line in continuation of it to the Santa Monica railroad, by the Santa Monica railroad and San Pedro street to Twelfth street, by Twelfth to Main, by Main to Tenth, by Tenth to Fort, by Fort to Seventh, by Seventh to Hill, by Hill to Sixth, by Sixth to Olive, and by Olive to Second street.

District No. 16—Eighth-street school, corner of Charity; A. S. McPherron, principal. District bounded north by Ward street to Figueroa, by Figueroa to a point in line with Sixth street, by this line and Sixth street to Hill; east by Hill street to Seventh, by Seventh to Fort, by Fort to Tenth, by Tenth to Main, and by Main to Twelfth street; south by Twelfth street to Pearl, by Pearl to Pico, and by Pico to the city limit, and west by the city limit.

District No. 17—Montgomery street school, on the corner of Montgomery and Georgia Bell streets; Miss Hallie Bradshaw, principal. District bounded north by Pico street; east by Figueroa; south and west by the city limits. First grade pupils in this district will go to the Eighth street school, in District No. 16; second grade pupils to the Morris Vineyard school, in District No. 18.

District No. 18—Morris Vineyard school, on Morris street between Hill and Charity; Mrs. M. H. Swift, principal. District bounded north by Twelfth street; east by Hill; south from the corner of Twelfth and Los Angeles streets, running parallel with Main street via Carlisle street to the city limit; south by the city limit; and west by Figueroa street. First grade pupils in this district will go to the Spring street school, in District No. 15.

District No. 19—San Pedro street school, on San Pedro street near Washington; Miss Clara Bruce, teacher. District bounded north by Twelfth street; east by San Pedro street from Twelfth to Vejar, by Vejar to Wolfskill, thence by a line from the junction of Vejar and Wolfskill due south to the city limit; south by the city limit, and west by a line from the corner of Twelfth and Los Angeles streets, running parallel with Main street via Carlis's street to the city limit. Second and third grade pupils in this district will go to the Morris Vineyard school in District No. 18; first grade pupils to the Spring street school in District No. 15.

For all children living outside of the city limits and desiring to attend any of the city schools, tuition must be paid. Rates of tuition will be as follows: First year: High school, $3 per school month; Grammar grades, first to fourth inclusive, $2. Primary grades, $1.50, payable in advance to the City Superintendent or to the principal of school attended.

All schools will positively be opened on Monday, September 21st. It is greatly desirable that all children should be present the first day for enrollment, and to be ready for work at once.

All pupils who were in the schools last year should bring with them the *certificates of promotion* received at the end of last term. It will also be a great convenience, if all pupils, even the smallest, can be able to report to teachers their exact residence, giving street and number wherever possible.

It is hoped that all patrons of the schools will co-operate with the teachers in these matters. The schools will doubtless be filled, but everything possible will be done for the accommodation of all children desiring to attend.

By order of the Board of Education.
FRANK A. GIBSON, President.

THE "DAISY"

Steam Fruit Canner.

FOR FAMILY USE.

Cans in the Jars,

Simple and Easy to Operate.

No Excessive Heat.

No Broken Jars.

No Spoiled Fruit.

DESCRIPTION.

This apparatus consists of a steam generator, heated by a double coal-oil burner, from which a steam jet is forced through a flexible pipe into the fruit to be canned. It is made in two sizes, each neatly japanned, finished in Russia iron and furnished with a large earthenware jars, or tin cans.

ADVANTAGES OF USING THIS APPARATUS.

No jars are broken. The heat is all utilized in the canning process, and none escapes to the discomfort of the operator. By the direct application of the hot steam the fruit is canned in the quickest possible time and the most thorough manner. Owing to the thoroughness of the sterilization the natural appearance and flavor of the fruit is fully retained. Not a point of fruit is spoiled in the operation. A Clergyman's Stock.

Rev. T. G. Brooke, pastor of the Central Presbyterian Church, Clarksburg, W. Va., found that his whole brood of chickens were afflicted with cholera. He mixed up some corn meal dough, put into it enough St. Jacobs Oil to make it smell of the oil, and fed them with it. This treatment he repeated every alternate day for a week, and at the end of that time they were healthier and better than they had ever been.

FINANCE AND TRADE.

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, Sept. 14.—Government bonds active and strong.

There was some improvement in the amount of business done at the Stock Exchange to-day, as compared with Saturday. At the opening New York Central was down ¾ per cent. and Lake Shore a trifle lower, while the rest of the list was ¼ to ⅝ per cent higher, in early dealings there were further small declines in some of the active shares, but this was soon checked, and from that time until the close the market was either strong or steady and dull throughout, there being no reaction more than for small fractions. The greatest advances to-day were made by Vanderbilts, Granger, Jersey Central and Louisville and Nashville, the gains in these stocks ranging from 1 to 1¾ per cent, the latter in Northwestern. Denver and Rio Grande is also up 1¾ per cent. None of the active stocks are lower. The market generally closed strong at about the top prices of the day.

English Grain Market.

LIVERPOOL, Sept. 14.—Weather in England wet; large portion of crop unsecured. Wheat and corn firm, fair demand.

LONDON, Sept. 14.—The Mark Lane Express, in its weekly review of the British grain trade, says: Storms and gales during the past week badly damaged outstanding crops. The rainfall was heavy. The sales of English wheat during the past week were 57,128 quarters at 32s 1d, against 66,000 quarters at 34s during the corresponding week last year. Foreign wheats on firmer without any increase in demand. There is more animation in offers, prices having advanced 6d. There were 11 arrivals; 10 cargoes sold and 8 withdrawn. Yesterday's market disappointed of English wheat was dull and prices barely supported. Foreign wheat was quiet and unchanged.

PARIS, Sept. 14.—Four-per-cents, 119f 50c. Flour quiet, 51f 50c. Wheat quiet, 30f 50c.

Stoll & Co. ship their goods to all portions of Southern California, and have a fine local trade. Orders from any part of the city and country will be promptly attended to and satisfaction guaranteed.

Climax Windmill.

The Climax windmill is the invention of J. R. Millard, a Los Angeles gentleman. It was patented December 9, 1884. The owner claims for it that it will run in a light wind, is much stronger built, less complicated and three times per cent cheaper than any windmill in the market. It is highly recommended by all who have tried it, including Mr. Wells Fargo, of Wells Fargo & Co., Los Angeles, A. Dobineen and M. L. Wicks, of Los Angeles. Mr. Millard also manufactures a fine factory, 14 Second street, iron and wood tanks and all kinds of pumps.

Globe Coffee and Spice Mills.

The Globe Coffee and Spice Mills are located on Aliso avenue. his establishment has long been noted for the excellent quality of its coffee and spices, and since F. L. Jones, the present proprietor, assumed charge of the business of his concern has rapidly increased. The specialty of the Globe Mills is its "Golden Nougat" coffee. Once tried, no other brand will be used. The proprietor is preparing to make additional improvements in his machinery. All orders from the country will promptly be attended to.

The Troy Shirt Factory.

The Troy Shirt Factory, Room 34, Schumacher block, is the leading establishment of the kind south of San Francisco. It has been in operation for about two years, its specialty being custom made goods, or in other words shirts and underwear made directly to order. The business has grown rapidly, and its patrons are of the very best class in the city. The advantage of custom made goods over those purchased ready made will be apparent to all, and as nothing but the best materials are used by Mr. Seligman, the proprietor, in the end, as will be seen, a considerable saving is effected. Prices as low as in San Francisco. Another excellent feature of the Troy factory is the fact that only white labor is employed. No Chinese have any hand in the work, which is all given to white girls.

Steam Soap and Chemical Works

The Los Angeles City Steam Soap and Chemical Works, located at the foot of Chavez street, E. C. Nicol & Co., proprietors, is a rapidly growing local enterprise. The firm manufactures soaps of every description, fruit wax, axle grease, ammonia, sal soda and candles. Their "Sensation" soap is a brand which has rapidly grown in popular favor, as in fact has been the case with all their toilet soaps. They are the manufacturers of the Whale Oil Refining Compound. In the process of making which was shown our reporter. It is recommended as a most convenient and reliable wash for killing the scale bug, without injury to trees or fruit, and is readily prepared for spraying. It has been used successfully by many orchardists, and is cheap. A visit to the establishment of Nicol & Co. is very interesting. Their soaps are now to be found all over the Southern country, including the Territories.

Excelsior Soda Works.

The Excelsior Soda Works were established August 1st, 1885, by Thomas Strohm, and while one of the youngest of our local enterprises, has made very healthy progress. The soda manufactured by him gained a high reputation, and the Excelsior Cream Soda is becoming the favorite summer beverage. Those who desire really first-class soda should by all means try the Excelsior goods. Besides soda the factory makes a full line of syrups, which are offered for sale at reduced prices. The demand for Excelsior sodas and syrups is constantly increasing, and the proprietor informed the Times reporter that he will soon have to enlarge his factory to meet the demand. People know a good article when they find it.

Los Angeles Rubber Stamp Company.

Rubber stamps have become a necessity in most business houses, and their usefulness is so great that the demand for them is constantly increasing. The Los Angeles Rubber Stamp Company, 26 N. Spring street, is the only manufactory of the kind in Southern California, and is now doing a large business. The firm manufactures printing wheels of all kinds, self-inkers, daters, pocket-daters, and has a large line of novelties in pocket stamps. All work is warranted, and any merchant desiring goods in this line will do well to address the company. The business of Los Angeles now give nearly all their business to this firm, finding they can get better and cheaper work than in San Francisco, while it is fully equal to that done by the best Eastern houses.

Upholstery and Mattress Factory

The Los Angeles Upholstery and Mattress Factory is located at the corner of Seventh and Los Angeles streets. The proprietor, John Schumacher, is the leading establishment of the kind south of San Francisco. It has been in operation for about two years, its specialty being custom made goods, or in other words mattresses and upholstering done to order. The business has grown rapidly, and its patrons are of the very best class in the city. The advantage of custom made goods over those purchased ready made will be apparent to all, and as nothing but the best materials are used by Mr. Seligman, the proprietor, in the end, as will be seen, a considerable saving is effected. Prices as low as in San Francisco. Another excellent feature of the Troy factory is the fact that only white labor is employed. No Chinese have any hand in the work, which is all given to white girls.

Steam Manufacturing Company

The Stern's Manufacturing Company is a recent and important enterprise. The company owns a large building (50x145) at the corner of Date and Mission streets, and manufactures the celebrated Regulator windmill, wire tanks, hay presses, etc. The Regulator mill is known the world over as one of the most excellent quantities, and it has proved a great success in Southern California. It runs easily in the lightest breeze, does not get out of order, and makes no noise while running. A great many have already been sold in this county, and the company has a number of flattering testimonials from Southern California farmers. The capacity of the manufactory is about 1,000 mills a year. The factory where so much depends upon water, it is always best to get a thoroughly reliable mill, and such the Regulator has proved to be.

Los Angeles Soda Works.

The Los Angeles Soda Works, H. W. Stoll & Co., proprietors, No. 107 Sanchez street, is one of the oldest manufactories in Los Angeles, having been in existence eighteen years. They manufacture soda water, sarsaparilla, ginger ale, mineral waters, champagne cider and all kinds of syrups. Their specialty, however, is the famous "Cream Soda," which is far faster than the usual. This soda is superior to any summer drink ever before introduced in Los Angeles, and is now on sale at this season has been immense. Messrs. THE METHODISTS IN COUNCIL.

Third and Last Day's Session of the Annual Conference.

Correspondence of the TIMES.

SANTA BARBARA, Sept. 12.—Devotional services were conducted by F. S. Woodcock.

The Bishop then called for the reports of the committees and the following committees reported: Sabbath Observance, Missionary Society, Tract, Freedman's Aid, Pastoral Address, District Conference Records and Education.

Resolutions commending the work of Rev F. D. Bovard and deploring his loss were read and offered.

The Conference was invited to dine at the Arlington Hotel through the kindness of Colonel Hollister.

At 10 o'clock a most eloquent and telling address was made by Bishop Fowler as introductory to asking the questions of the class of deacons to be advanced to full conference relationship. This class consisted of G. F. Bovard, E. W. Currier and C. W. F. Nelson.

Edward S. Little and E. J. Inwood were next examined and taken on conference probation. R. S. Badger and Henry Jewett were also taken in the same class.

On motion the Bishop was requested to transfer Bro. Schneider from the Chicago German Conference.

At this point Bro. Hoffgrot, G. W. Elwood, a much-respected, faithful and efficient preacher, was placed on the superannuary list. It is hoped that he will soon be returned to the active work.

Jas. Nixon, of the Idaho Conference, was transferred.

F. D. Mather was placed on the superannuary list at his own request.

D. Cobb requested and was granted a supernumerary.

S. J. Fleming and J. A. Wachob were elected a committee on the publication of the minutes.

Selah W. Brown, Illinois Conference, and W. W. Bailey of the Ohio Conference, were transferred.

The examination of the select committee in the case of G. W. Storey, resulted in his suspension for one year. The same committee exonerated J. H. White from certain charges and passed his character.

The claims of the California Christian Advocate were ably advocated by the editor, Dr. B. F. Crarey.

G. W. Goodsell was, on motion by J. B. Green, transferred from the Vermont Conference.

B. F. Edwards, at his own request, was granted a supernumerary relation.

O. S. Frambes was made an elder.

J. A. Merrihan was elected a visitor to the University of Southern California.

AT THE OLD STAND.

The Central School Will Not Be Removed Yet.

A good deal of inquiry has been made as to where the Central School will be located for the coming school year. The lot having been sold to the county for the erection of a court house, the city having reserved the right later to remove the present structure, there has been an impression that the removal was soon to follow. Questioned upon this subject by a TIMES reporter yesterday, Secretary Wade, of the Board of Education, said: "We will carry on the school right in the same building, which will stand just where it does now. It is not expected that the building will be moved for a year. We have the lot to put it upon, and engineers state that the house can be cut into three sections, moved and rejoined, but we shall be greatly surprised if the necessity for so doing arises during this school year."

BOARD OF SUPERVISORS.

MONDAY, Sept. 14.

Board in regular session, all present. On motion Supervisor Foord, Assessor R. Bilderrain and Deputy Assessor W. J. A. Smith were requested to go to Sacramento to meet the State Board of Equalization.

Certificates of election to raise $800 for additional school facilities, Ballona School District, filed. Tax levied.

Report of B. B. Greenleaf, road overseer of Santa Ana Road District, filed.

Isaac A. Cooper presented resignation as water overseer, San Gabriel Water District. Accepted.

County Auditor presented names of the following as his assistants to work on the assessment books: F. Lauterio, E. S. Willing, D. P. Williams, S. Mascarel, E. A. Hall, W. S. Lyon. Approved by Board, and the sum of $3 per day allowed as compensation for said deputies.

Adjourned until Sept. 15.

RESIGNED.

The Deputy Revenue Collector Steps Down and Out.

A. E. Sepulveda, Deputy Collector of Internal Revenue for Southern California, on Saturday last forwarded his resignation to Hon Asa Ellis, Collector of San Francisco. His reason given, is his inability to attend to a district nearly as large as the State of New York, in his present state of health. The district as enlarged comprises Ventura, Los Angeles, San Bernardino and San Diego counties, being much the largest in the State. Nothing is yet known as to the new appointee.

Still on the Pound.

W. E. Willmore, the founder of Long Beach, left last night for El Paso, Texas. That he is not on a flying visit may be inferred from the fact that he ordered the MIRROR forwarded to him for six months at El Paso. He is going there to carry out a big colonization scheme, and found a colony on a 3000 to 5000-acre tract in the beautiful valley of the Rio Grande. He is greatly in love with that section, and believes it unsurpassed for fruit growing. After getting things in shape there, he will make a visit to the farther East.

The County Baptist Association.

Correspondence of the TIMES.

POMONA, Sept. 12.—The Los Angeles Baptist Association met this morning at 9 o'clock, Moderator Rev. J. Clay in the chair.

Reports on unfinished business, missionary work, benevolent work, temperance, obituaries, next anniversary and state of religion were adopted. The report on education called forth numerous and earnest speeches. Rev. Dr. Abbott, Drs. Tombes, Dorsey and others forcibly set forth the claims of the Herald of Truth, also of the American Baptist Publication Society of Philadelphia.

A large subscription was added to the Herald of Truth and many pledges given to support it.

Report on Sunday schools adopted and communication from W. C. T. U. of Pomona received and referred to the Devotional Committee.

Report on education and the proposed Baptist academy for Southern California called forth stirring speeches.

Rev. Dr. Palmer, of Boulder, Colorado, electrified the association with his earnest appeal for a Baptist academy of high order.

Many able ministers are present.

To-morrow (Sunday) Rev. Dr. Bailey preaches at the Anniversary sermon. Rev. Dr. J. B. Tombes at the Methodist church, and Rev. Dr. Abbott at the Presbyterian church.

The association is to meet at San Bernardino next September.

CUMTUX.

RAAB RISES,

And Asks for $5000 and a Perpetual Injunction.

David Raab is an orchardist of South Pasadena, whose troubles with the L. A. and S. G. V. R. R., relative to the crossing of his land by the railroad, have already been specified by the TIMES. The track went over his land, in spite of his opposition, and now he is going to let the lawyers fight it out for him. He entered suit against the company yesterday, demanding $5000 damages, and asking a perpetual injunction against the use of the road through his lands. His attorneys are A. M. Stephens and Wm. Collen.

ROUGH ON SQUIRRELS,

And Likewise on Children Who Eat It.

L. V. Glasscock, a farmer of the Cienega, has been troubled by squirrels. On Saturday he cut up a watermelon, "doped" it with strychnine, and put it out for the pests. His little daughter, three years old, came across the poisoned fruit, and ate a quantity of it. When the horrified father discovered what she had done, he harnessed up his horses; and taking the child, drove on a run clear to Compton. Coroner McFarland applied a stomach pump, and finally saved the little one's life.

Gone to San Francisco.

Sol. Hamburger, of the People's Store, left yesterday for San Francisco, to make an offer on a large stock of goods which has suddenly been thrown on the market, owing to the failure of a large importer. Mr. Hamburger has paid the closest attention to his business since the People's Store was opened in this city, and this is the first time he has left town for either business or pleasure.

Wanted—Salesladies and Cash Boys.

Salesladies wanted at the People's Store. Those experienced in the business preferred. Wanted—Cash boys.

BRIEFS.

Six arrests on Sunday.

Nine arrests yesterday.

The Los Angeles sails north to-day.

The public schools begin next Monday.

The Crank & Brigdon winery has started up.

Three deaths in the city yesterday. One reported from the country.

Justice Conner was yesterday held to answer by Justice Austin for burglary. Bail, $500.

Wah Sing and Ah Long were arrested by Officer Stanton for violating the washhouse ordinance.

Justice Ranney examined four supposed vagrants yesterday, discharged two, and fined the others $20 each.

Blanche Muller, a cyprian who assaulted Officer Grubbs, pleaded guilty yesterday and paid $15 fine.
